ARCHSTONE CONSULTING NAMED A TOP OUTSOURCING ADVISORY FIRM

STAMFORD, CT – June 18, 2007 – Archstone Consulting, a leading strategy, operations and CFO advisory management consulting firm, today announced that it has been ranked as the number 4 “Boutique Outsourcing Advisory Firm” and the number 6 “Top Advisors by Initiative Specialization, ITO,” based on a customer survey administered by the Brown-Wilson Group. The 2007 rankings will appear in the research firm’s “The Black Book of Outsourcing,” a best-selling international business book and outsourcing resource manual.

“The Black Book” annual survey of customers is the only independent ranking of global outsourcing vendors by clients. More than 2000 vendors and 400 advisors qualified in 2007 and over 18,000 client ballots were validated. This year’s survey included 22,070 respondents from “C” level offices of Fortune 2000 and Inc. 500 corporations, as well as the institutional memberships of several industry and professional organizations.

“Archstone Consulting is proud to be recognized as one of the premier boutique outsourcing advisory firms in a crowded marketplace,” commented Robert Derocher, a Principal and Global Operations practice leader at Archstone Consulting. “Our ability to provide companies with a strategic, focused approach combined with our knowledge of specific industry practices differentiates us and obviously is resonating with our clients.”

According to Mark Peacock, Archstone’s IT Outsourcing Advisory leader, “This confirmation highlights our focus of implementing outsourcing solutions through an integrated team approach. Our outsourcing professionals are known for working closely with clients and helping them manage the most critical business challenges, particularly with transitioning to a new environment.”

“As companies look for help in transforming vendor relationships into valuable strategic partnerships, the use of outsourcing advisory services continues to grow” said Scott Wilson, of Brown-Wilson Group. “Archstone Consulting consistently received high scores in all categories and sub categories for not only the boutique firms, but also its advisors by specialization.”
